Richmond BC Tel: 778-233-9428 Email: guangyang.roland@gmail.com

GitHub: <https://github.com/gyang55?tab=repositories>

Summary

- Proficient in web application development from front-end design to back-end API implementation.
- Good at Android application development with Java and xml.
- Passionate about software development with demonstrated R&D abilities and proactively learn and apply new language and technology.

Work Experience

- | | |
|----------------------|---|
| 2022/01 -
2022/09 | <p>Junior Software Developer (part time)
943Tech https://www.943tech.com/</p> <ul style="list-style-type: none">• Web development: Design and implement frontend pages in HTML/CSS/JS, VUE, API development.• Database development: Database design and implement CRUD in Java.• Achievement: Official web, Smartnext edu (WeChat mini program) |
| 2018/01 -
2021-01 | <p>Junior Telecommunications Engineer
China Railway Signal and Communication Survey & Design Institute co., Ltd</p> <ul style="list-style-type: none">• System design: Design VOIP system architecture, interfaces, and functions according to client requirements.• Documentation: Document system design deliverables in English• Collaboration: Work with managers and other system designers to address technical issues.• Achievement: Israel Tel Aviv Light Rail Red Line |
| 2015/08-
2017/12 | <p>Marketing Specialist
China Railway Signal and Communication Survey & Design Institute co., Ltd</p> <ul style="list-style-type: none">• Research: Conduct market research identifying potential new projects• Interpersonal skill: Communicate and maintain good relationship with clients• Documentation: Draft bidding document and contract |

Software Projects

2022/10

Web App – Personal website

Tech stack: React, Node.js, Express, MongoDB, HTML/CSS

Website: <https://www.guangyangroland.com/>

In
Progress

Web app – Data Collection feature for SISA Energy Inc

Tech stack: React, python, Flask, PostgreSQL, HTML/CSS

Features: Allow users to upload images and backend automatically fill in required input fields.

Contribution: 1. Use Figma to design UI. 2. Use React to build frontend pages. 3. Use Flask to add Rout in backend. 4. Use Python library to extract texts from uploaded images. Etc.

Source code is not available due to NDA agreement.

2022/06

Web app – Find a Coach

Tech stack: Vue, Firebase, HTML/CSS

Features: 1. Allow users to register as coaches. 2. Display all the registered coaches. 3. Filter coaches by expertise. 4. Contact coach and leave messages.

Contribution: All the features.

weblink: <https://find-a-coach-208e6.web.app/>

2022/05

Data Base Design and Implementation – Data Base Prototype

Tech stack: ASP.NET Core, c#, MySQL

Features: 1. CRUD operations. 2. Display related records from referenced tables. 3. Search records by keywords. 4. Sort displayed records by date.

Contribution: 1. Lay down business rules. 2. Create ERD 3. Create data dictionary 4. Create models and implement CRUD for three tables.

2022/04

Android app – Room Wrangler

Tech stack: Java, xml

Features: 1. User authentication 2. Display study rooms. 3. Filter rooms based on size and date. 4. User Account

Contribution: 1. Display rooms in Recycler view. 2. Filter rooms. 3. Room booking.

2022/04

Android app – Fun with card

Tech stack: Flutter, Dart

Features: 1. Create card deck using API 2. Draw cards from card stack.

3. Display drawn card in a new page. 4. Return drawn cards back to card deck

Contribution: All the features

2022/04 **Web app** – Numeral Converter Clone
Tech stack: HTML CSS JavaScript
Features: Convert positive and negative decimal numbers into other numeral system such as Binary, Hexadecimal, Octal decimal, and IEEE 754.
Contribution: All the features except convert to IEEE 754.

Skills

Programming Languages	Java, Python, JavaScript, C
Web Development Tech Stack	React, jQuery, Node.js, Express, Flask
Database	MySQL, MongoDB, Firebase
Methodologies	RESTful API, Web MVC, OOD, Agile/SCRUM, Software Development Life Cycle
Others	Git, JIRA, Linux

Education

2022/12	Diploma – Computer Systems Technology British Columbia Institute of Technology, Vancouver, BC. Canada
2015/06	Master - Business Administration Memorial University of Newfoundland, St. John's, NL. Canada
2012/06	Bachelor – Management and Marketing of Textiles University of Manchester, Manchester, UK
